Nallamuthu Gounder Mahalingam College

Accredited with A++ Grade(4th Cycle) by NAAC and ISO 9001:2015 Certified Institution
An Autonomous Institution, Affiliated to Bharathiar University,
90, Palghat Road, Pollachi -642001, Tamilnadu, INDIA, Coimbatore

Best Practices – 2023 - 2024

Bridging the Skills Gap

Objectives

· To enhance the technical capabilities of students, equipping them with industry-relevant skills.

· To enhance students' employability across various sectors

The Context

Many arts and science students lack exposure to technical and IT-related skills. This initiative provides an opportunity to bridge the gap between academic learning and industry requirements. IIT Spoken Tutorials can supplement existing curricula that lacks mandatory technical training with practical, skill-oriented learning. The modern job market also demands interdisciplinary skills.

The Practice

Every year, students from the Commerce and Computer clusters enroll in courses offered by IIT spoken tutorial Bombay and successfully complete them. These courses include video tutorials designed to facilitate effective learning. Through these resources, students gain additional knowledge, enhancing their expertise and excelling in their respective fields. Upon successful completion of the course, students are certified by IIT Spoken Tutorial Bombay.

Evidence of Success

Successful completion of the course and assessments resulted in certification from IIT Bombay. These certificates not only validated the students' learning but also served as an important credential when applying for internships, jobs, or further studies.

Problems Encountered and Resources Required

· Ensuring that all students have access to the necessary hardware and stable internet connections is difficult, especially in rural areas.

· Some students are sceptical about the effectiveness of online tutorials compared to traditional teaching methods

Resources Required

Computer with internet connection.
