ENVIRONMENT POLICY

Nallamuthu Gounder Mahalingam College is committed to practice and maintain high environmental standards in all of its activities, including teaching, research, and community involvement. The college is more ecologically conscious and has earned a reputation as a responsible institution.

Purpose

The purpose of this policy is to ensure that the environment is adequately protected from any negative impacts resulting from activities after college. It also serves to set out the institution's commitment to sustainable practices and objectives as well as its approach towards compliance with relevant regulations and laws.

Scope

The policy document will aid in the integration of efficiency and environmental consciousness into daily activities, allowing us to better understand our duties and dedication to natural resource conservation and utilization. Our college has tried to address the issue of sustainability as a part of curricular and extra-curricular activities.

Objectives

- To reduce potable water consumption.
- To execute "Reduce, Reuse, Recycle and Re Earth" towards waste management environmental protection and sustainable future.
- To promote green growth, create green jobs and maintain green infrastructure.
- To create environmental awareness among all the stakeholders of the institution.
- To assess and regulate environmental practices of the institution periodically
