

NallamuthuGounderMahalingam College

(An Autonomous Institution, Affiliated to Bharathiar University)

90, Palghat Road, Pollachi -642001, Coimbatore, Tamil Nadu, India.

95th Rank in NIRF - 2023 among Colleges in India.

Criteria :1 Curricular Aspects

Key Indicator: 1.3 Curriculum Enrichment

Metric: 1.3.1 Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability and other value framework enshrined in Sustainable Development Goals and National Education Policy – 2020 into the Curriculum

The college has systematically enriched curriculum by inducting cross cutting issues relevant to Professional Ethics, Gender, Human Value, Environment and Sustainability Goals (SDG). In today's rapidly evolving world, the need for institutions to integrate cross-cutting issues such as professional ethics, gender equality, human values, Environmental sustainability, and other value frameworks enshrined in Sustainable Development Goals (SDGs) and National Education Policy (NEP) - 2020 into their curriculum is more crucial than ever. Firstly, addressing professional ethics ensures that students develop a strong moral compass, essential for navigating complex professional landscapes with integrity and accountability. Gender equality is another critical aspect that needs to be integrated into education. By promoting gender-sensitive perspectives and practices, institutions contribute to breaking down societal barriers and promoting inclusivity. Human values, such as empathy, compassion, and respect for diversity, are fundamental to creating a harmonious society. Integrating these values into the curriculum helps nurture well-rounded individuals who are not only academically proficient but also socially conscious and emotionally intelligent. Human Excellence in our college helps to achieve this.

Moreover, environmental sustainability is a pressing global concern that requires urgent attention. By incorporating environmental education and sustainable practices into the curriculum, institutions empower students to become stewards of the environment and agents of positive change. Finally, aligning the curriculum with the SDGs and NEP-2020 ensures that educational efforts are in line with national and global development agendas. By educating students about these frameworks, institutions inspire them to contribute meaningfully to sustainable development and societal progress. In conclusion, integrating cross-cutting issues into the curriculum is essential for preparing students to tackle the multifaceted challenges of the 21st century and become responsible global citizens committed to creating a better world for all.
