Suggestions by Academic Auditor (UG)

Based on the discussion that all the BOS members had today (04/06/2022) in the Department of Physics, I would like to present the following suggestions that can be implemented by the Department of Physics to make Learning Physics more joyous for students.

i) Mandatory Practical Exams at the end of each Semester so that the workload of study on students is less. Students need not wait a whole year to do the Practicals

ii) Inclusion of "STUDENT PROJECT" in B.Sc. PHYSICS course ~~so that~~ in the last Semester so that students ~~find~~ ~~it~~ have freedom and choice to select a topic of their interest for study and get an opportunity to present their findings in the form of a presentation. This will also motivate the more number of students to take/go for PG Course in Physics
