#### Report on the student attributes facilitated by the Institution

NGM College strives to nurture a diverse array of qualities that contribute to the well-rounded development of its students. It derives its student attributes from its Vision that aims at providing a comprehensive education that kindles intellectual curiosity, instils ethical and cultural values, and fosters social responsibility. The holistic development of the students is facilitated by implementing code of ethics and conduct that underscores the cultivation of values like honesty, integrity, respect and responsibility. By strictly adhering to these principles, students develop strong moral character and exhibit ethical behavior in both their academic pursuits and personal lives. Students also develop a sense of responsibility and accountability towards their actions, which is an important attribute for their personal growth.

#### *Disciplinary Knowledge*

Disciplinary knowledge serves as the foundation of higher education, incorporating deep comprehension, critical thinking, and problem-solving skills within each student's chosen area of study. The College integrates disciplinary knowledge into its curriculum through core and elective courses, value-added programs, academic support from experts, research opportunities, and access to resources like libraries and laboratories. The curriculum implements problem-based learning that requires students to apply their disciplinary knowledge to real-world challenges. Through research endeavors, students deepen their disciplinary knowledge and hone their critical thinking abilities.

#### *Digital Capabilities*

Recognizing the importance of digital literacy, NGM College facilitates the development of this skill set by incorporating ICT tools and resources into teaching
