ENERGY POLICY

Purpose of the Policy

The purpose of energy policy is to establish guidelines and strategies to manage energy resources effectively and sustainably. The energy policy seeks to create a more sustainable and environmentally responsible campus environment while also educating students and promoting sustainable practices within the college community.

Objectives

- To adopt minimum energy performance standards for building lighting and equipments in the Institution.
- To implement energy efficiency measures in the designing of new constructions and renovation of buildings.
- To promote the use of alternate sources of energy.
