Circular

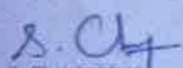

Reduce plastic usage in our College campus

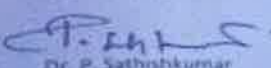

As a part of our Green Society (Part - V) of NGM College we circulate the message regarding for Reduce plastic usage for all. All the department students and green Society students should requested to follow and take a decision to reduce plastic from our college campus. We shall reduce plastic footprint and reuse durable plastics (bottles) and choose glass, paper, stainless steel, Wood, ceramic and bamboo over plastic.

Take a pledge to never use a plastic bag

- Plastic is everywhere plastic will make our end drastic!
- Say 'NO' to plastic.
- Go green, plastic is obseone!
- Stop the pollution. Be part of the solution.
- Be safe to earth, and reduce the use of plastic.
- Let us wipe out plastic before it wipes us out.
- Change your habits. Stop using plastic.
- Beat plastic pollution. If you can, reuse it and reduce it.
- Avoid plastics.
- Less plastic.

CIRCULAR

Warm Greetings!

Dear Students and Staff,

This circular is to remind you about the **parking rules and regulations** that must be followed by all vehicle owners in the college campus. The parking area is limited and shared by all students, staff, and visitors. Therefore, it is essential that everyone parks their vehicles in a proper manner to avoid any inconvenience or obstruction to others.

Please adhere to the following guidelines while parking your vehicles:

- Park your vehicle only in the designated parking space allotted to you.
- Do not park your vehicle in a way that blocks the entrance, exit, or driveway of the parking area.
- Don't park your vehicles in a disorderly way. Leave enough space for other vehicles to move in and out.

Circular

In our ongoing efforts to create a more sustainable and pedestrian-friendly environment, the college is **restricting the entry of automobiles within the campus grounds.**

- Vehicles must be parked in designated areas at the periphery of the campus.
- Private vehicles are restricted from entering the core campus area.
- We encourage the use of public transport, bicycles, car-pooling and walking as eco- friendly alternatives.

Green Society

Circular

It is crucial for all of us to take responsibility and uphold the cleanliness of our campus. Staff and students are instructed to

- Create a plastic-free campus by reducing and eventually eliminating the use of plastic materials within the campus.
- Refrain from littering in the classrooms and playgrounds.
- Practice responsible waste disposal by using designated bins for segregating recyclable and non-recyclable items.

Let us work together to **keep our campus clean** and promote a healthy living and learning environment for all. Your cooperation in this matter is greatly appreciated.

Report of the activities for the implementation of initiatives

With the increasing threats to our environment and the urgent need for sustainable living, it is crucial that students are inspired to take action towards environmental protection. The Green Society of the college is at the forefront of eco-conscious efforts, organizing tree planting drives, recycling campaigns, and awareness programs to educate and engage the campus community.

The College conducts periodical environment and green audits to assess its progress and identify areas for improvement. The College also participates in the National Sustainability Institutional Ranking, an initiative by the Ministry of Higher Education, Government of India through MGNCRE. The accreditation process helps in streamlining the sustainability practices of the college.

By harnessing solar energy through solar panels installed across campus buildings, the College is not just reducing the carbon footprint but also setting an example for renewable energy adoption. Sensor-based energy conservation systems automatically regulates energy consumption, optimizing efficiency while reducing wastage. The college has also promoted Energy Conservation by replacing Conventional lights with LED lights throughout the campus.

The restricted entry for automobiles on campus encourages alternative modes of transportation like cycling, walking, and carpooling to reduce emissions and promote a

healthier environment.

The College has a comprehensive waste management system to ensure that waste is segregated at its source and recycled efficiently. The recycling initiatives aim to minimize landfill waste and maximize resource recovery.

The college organizes programs to create a sense of responsibility among students towards their environment. These awareness programs serve as a platform to educate students about the importance of conserving resources, reducing waste, and adopting eco-friendly practices in their daily lives. This not only enhances their knowledge but also empowers them to become agents of change in their communities.
