EVENT: மரபுச் சான்ற விளையாட்டுகள்

VENUE: ARUTCHELVAR ARANGAM

DATE: 18.04.2022

The Department of Computer Science (Vaduthi) had organized an Intramural Heritage event named as "மரபுச் சான்ற விளையாட்டுகள்". This event was held on April 18th to cherish the traditional games and events. The main motto of this event is to save "Our Heritage for the next generation and it is a day, where students are encouraged to celebrate their cultural traditions in the wider context of the great diversity of cultures, beliefs, and traditions. The idea is also to promote inter-generational bonding through the games to instill among the students a sense of responsibility to maintain culturally and historically importance.

This idea was flourished by conducting traditional games such as மதுபரம் , ஐங்கூர் ஆட்டம், நொண்டி, கோலி குண்டு, கில்லி, பல்லாங்குழி. It was encouraged by Dr. Antony Selvadoss Thanamani (Head of the Department) and initiated by the faculty Dr. Aruchamy Rajini and Mrs. M. Malathi.

In this modern world, our culture values are lost. To preserve traditional games and to reproduce and adapt them to the digital age to reminisce the past. This event was held in a grand manner which resembles the unity and integrity among the students.

This auspicious function was inaugurate by lighting the prosperous and traditional lamp by our Chief Guest Dr. R. It is not your job to save everyone. Some people are not even ready to be helped. Focus on being of service to those who are, and be wise and humble enough to know when the best service you can offer is to guide them toward help in another direction.

We greeted faculties and students and we take a pledge on the world social work day. We distributed sweets to the staff, students and workers in our college.

Description of the Workshop:

Dr. R. Saravanakumar, Asst. Professor, Dept. of Chemistry, VIT Chennai, delivered a talk entitled “Intuitive Perception and Scientific Discoveries” on the occasion of National Science day, 28.02.2022. The talk begins around 12.15 pm and extended up to 1.15 pm. Students and faculties were participated in the talk.

In the talk he discussed about pathway towards discovery of cis-platin an anticancer drug. Serendipitous discovery of cis-platin was elegantly presented. From conception to mechanism was discussed in detail. The story behind the discovery was highly thoughtprovoking to students and faculties. I am convinced that the talk might instigate the young minds to chase their dream. I believe that this talk met the objective of National Science Day 2022.

The entire programme was co-ordinated with the support of the Head, faculty and Ph.D research scholars of the Department of Chemistry, Nallamuthu Gounder Mahalingam College, Pollachi.

Feedback:

After the workshop, feedbacks were collected from the students using Google form to follow up on workshop outcomes.

A total of 110 students (a response rate of about 80%) have registered their views. Almost all the student's characterized this workshop as very useful, informative and gained new ideas. They were highly satisfied with the workshop speakers and the topics discussed.
